Notes & Details

The EasyRose NG deep fryer is designed for efficient, high-performance frying and requires an NG (natural gas) connection for safe operation. With a powerful heat output of 120,000 BTU/hr and four heating tubes, it delivers quick and even heating. The fryer features an adjustable temperature range from 200°F to 400°F and includes an automatic shut-off thermostat for precise control and optimal frying results. With a large oil capacity of 50 lbs and clearly marked max and min levels, it's perfect for high-volume frying. Constructed from durable stainless steel, the fryer is equipped with 6" heavy-duty adjustable legs for added stability and is designed for easy maintenance, featuring a drain cock and removable basket hanger. Ideal for commercial kitchens, restaurants, food trucks, and home use, the fryer is versatile enough to cook a variety of foods, including fries, fish, chicken, and doughnuts. The efficient design includes a large cooling zone at the bottom to trap food particles and extend the life of the oil. The EasyRose package comes with the fryer, two fryer baskets, and a crumb rack for added convenience.
