Notes & Details

The EasyRose LPG deep fryer requires an LPG connection for safe operation and delivers a high heat output of 150,000 BTU/hr with five heating tubes, ensuring quick and even heating. It features an adjustable temperature range from 200°F to 400°F and includes an automatic shut-off thermostat for precise temperature control. With a large oil capacity of 68-80 lbs and marked max and min levels, it's ideal for high-volume frying. Constructed from durable stainless steel, the fryer is equipped with 6" heavy-duty adjustable legs for added stability and is designed for easy maintenance with a drain cock and removable basket hanger. Perfect for commercial kitchens, restaurants, food trucks, and home use, it excels at frying a variety of foods such as fries, fish, chicken, and doughnuts. The efficient design includes a large cooling zone at the bottom to trap food particles and extend the life of the oil. The EasyRose package comes complete with the commercial deep fryer, two fryer baskets, and a crumb rack for added convenience.
