Notes & Details

The 1300W hot dog steamer is designed to hold and steam up to 200 pre-cooked hot dogs and 48 buns at once, making it ideal for high-volume use. With separate compartments for hot dogs and buns, each receives the perfect amount of steam to ensure hot dogs stay juicy and buns remain soft and fresh. The bun compartment features adjustable moisture control, preventing buns from becoming soggy. The full temperature control (85-175°F) ensures optimal results, while the large 6 qt. water pan allows you to fill it in the morning and let the steamer do the work throughout the day. Perfect for carnivals, vending carts, and concession stands, it keeps your hot dogs at the ideal serving temperature and humidity, ready to serve until closing time.
