Hakka 250KG/H Commercial Meat Cutting Machine 750W Stainless Steel Meat Cutter Slicer(M105)

Technical Data

Length	20.9"
Width	15"
Height	19.3"
Net Weight	95 LB
Gross Weight	106 LB
Speed	160r/min
Blade Thickness	3-25mm
Material	Stainless Steel
Voltage	110V
Power	750W

Features

- Precise Cutting: Ensures uniform 3mm meat slices with closely arranged single blades.
- High Efficiency: Powerful 750W motor slices up to 550lbs/hour, ideal for commercial and home use.
- Easy to Clean: Partially sealed, detachable blade design for quick cleaning and maintenance.
- Durable Construction: Made from commercial-grade stainless steel, offering anti-corrosion and anti-oxidation.
- Versatile Use: Suitable for restaurants, supermarkets, and home kitchens, perfect for slicing various meats.

Notes & Details

The Hakka Meat Cutting Machine ensures equal cutting with closely and precisely arranged single blades, providing effortless and uniform 3mm thick meat slices. Powered by a robust 750W motor, it can output up to 550lbs/hour, making it ideal for both commercial and home use. This high efficiency saves time and effort by slicing large amounts of meat quickly. The partially sealed blade design allows for easy replacement and cleaning, maintaining hygiene standards. Constructed with commercial-grade stainless steel, the blade offers exceptional anti-corrosion and anti-oxidation performance, ensuring durability and longevity. Perfect for restaurants, kitchens, supermarkets, meat markets, food processing enterprises, and catering industries, this versatile machine can cut beef, pork, mutton, and other meats into equally thick slices with precision and consistency. A must-have for every meat lover, the Hakka Meat Cutting Machine combines efficiency, durability, and versatility.
