Notes & Details

Our Commercial Potato Peeler and Washer features a durable construction made of high-strength seam-welded and polished stainless steel, ensuring impressive longevity and hygiene while being easy to clean and rust-free. With a spacious interior, it can hold up to 20 lbs of unpeeled potatoes and peel an impressive 365 lbs per hour, making it ideal for restaurants and bulk food preparation. The adjustable synchronous timer allows users to set peeling times between 12 seconds and 5 minutes, with actual peeling durations ranging from just 1 to 3 minutes, depending on the size and shape of the potatoes. Powered by a heavy-duty 750W motor and equipped with a robust abrasive disc, this machine effectively peels all types of potatoes. Additionally, its multi-functional design allows it to also wash potato skins, making it an essential tool for any commercial kitchen and enhancing your food preparation efficiency!
