Notes & Details

The nacho cheese warmer features a 3.5-quart insulated tank, perfect for holding and dispensing sauces with ease using a top pump for smooth, even flow. Built with high-quality, food-grade stainless steel, it is rust-resistant and durable, ensuring long-lasting performance. The unit offers 6 adjustable temperature settings (95-210°F) to accommodate different types of sauces, providing the flexibility to heat everything from cheese and butter to caramel and hot sauces. Its stainless steel construction makes it easy to clean, with minimal food sticking and simple maintenance to prevent clogs. Ideal for restaurants, snack bars, catering events, and ice cream parlors, this cheese warmer is the perfect addition for keeping sauces at the perfect temperature for your customers.
