## Technical Drawings

## Notes & Details

The nacho cheese warmer is designed for both convenience and durability, featuring a high-quality, food-grade stainless steel construction that ensures long-lasting performance and easy cleaning. Equipped with a 3.5-quart insulated tank, it quickly heats and dispenses a variety of sauces like cheese, butter, caramel, and hot sauce, making it perfect for restaurants, snack bars, and catering events. The 6-setting temperature control (95-210°F) allows you to adjust the heat for different sauces, ensuring smooth and even flow when dispensing. The top pump is easy to use, providing a mess-free experience. Its rust-resistant, easy-to-clean design means you can maintain it with minimal effort, ensuring a hygienic and efficient service every time.
